

ISA CERTIFIED TREE CLIMBER® CREDENTIAL RECIPROCITY APPLICATION FORM

The International Society of Arboriculture (ISA) has established reciprocity agreements to recognize the accomplishments of individuals who have earned credentials through other organizations. A reciprocity agreement is currently in place between ISA and the European Arboricultural Council (EAC). Through this agreement, ISA recognizes individuals who hold the [EAC European Tree Worker](#) (ETW) credential, certified for climbing, and wish to obtain [ISA Certified Tree Climber®](#) certification.

Current holders of the EAC ETW credential, certified for climbing, who wish to earn and maintain the ISA Certified Tree Climber® certification may complete and submit this application form, along with the required supporting documentation, to certtops@isa-arbor.com. Please include "CTC Reciprocity" in the subject line of your email submission.

The email submission must include:

1. This completed application form.
2. A PDF copy of the applicant's current EAC ETW credential, certified for climbing, certificate or ID card showing the applicant's name, credential identification number, and expiration date.

Applications will be reviewed within five (5) U.S. business days of receipt. If the application is approved, the applicant will be contacted by the ISA Credentialing Services team to process the required application fee of \$220 USD. ISA Certified Tree Climber® certification will not be granted until all reciprocity eligibility requirements have been verified and the required fee has been paid.
