Each month, our goal is to introduce a few of our amazing new team members through ISA Today. So, keep an eye out for the latest edition!

Lindsey Mitchell
Editor

Lindsey joined ISA in November as the editor for our serial publications.

Previous to ISA, Lindsey worked for the American Cancer Society on their journals: *Cancer*, *Cancer Cytopathology*, and *CA: A Cancer Journal for Clinicians*.

Lindsey has also served as a freelance writer and editor for various magazines and journals.

While at Whitman Publishing, Lindsey also served as a researcher, supporting various publications.

On a personal note:

Lindsey has a wide variety of special interests and talents. She enjoys baking, and all of her colleagues at ISA would attest to her skill in the area of delicious treats as we've been able to enjoy several types of her famous macaroons – all are amazing.

Lindsey is also musically gifted, and is a member of a renaissance rock and roll band. She is active with the Georgia Renaissance Festival, an incredibly talented costume designer and enjoys gaming.

Robin joined our team in April as our examinations specialist.

Previous to ISA, Robin spent several years working for a law firm as a lead case processor and intake specialist supervisor.

Robin also served as a substitute teacher for two different school systems in Georgia.
